REPORT OF THE FITZWILLIAM FIRE WARDS 1959

The fire wards are pleased to report the fire loss for the year very low, due to the excellent co-operation of the Citizens in preventing fires and also the wonderful promptness of all members of both fire companies in answering alarms.

We are also much pleased to know the Meadowood Fire Department is so close to our call at any time, and for their training school use.

At present, there are 20 active members of Co. 1, and 18 of Co. 2.

There has been also fine co-operation by the owners of property in obtaining permits for burning, as required by law, with the forest fire warden, and the town has been re-imbursed by a few requiring help where no permit was secured.

We are also very grateful to our radio alarm attendants for their services.

The fire stations and equipment have been well cared for and improvements made by much of labor and expense contributed by members of the two fire companies.

May we have a good low fire record for 1960.

REPORT OF VILLAGE PRECINCT COMMISSION — 1959

1. Seven Rock Maples were set out on the Village Common replacing trees that had died.

2. Stone dust was placed on walks in Common, 300 pounds of fertilizer spread on grass and bare spots reseeded. A lime spreader-seeder was purchased for the use of the Village Precinct.

3. Repairs were made to the stone wall and fence which runs between the Baptist Church and the Reed place. Mr. Walter Tommila with his front-end loader replaced the large stones that had fallen off. This work done at no cost to the Village Precinct. Many thanks are extended to Mr. Tommila for this work. Mr. Puskaala and helpers reset and pointed up the stone on this wall. Fence along wall was repaired and painted by the Precinct officers.

4. An underground cable was laid from the power pole at northeast end of Common to the Christmas tree. A junction box was placed at the tree and a time switch and control box placed on power pole, making a permanent connection. Seven new strings of lights were made up for the tree. All material and labor was furnished by the Lauder Electric Company of Rindge, N. H. whose bill was paid by income from the Charles Haskell fund.

After this work was done, the Village Precinct was approached by the Fitzwilliam Village Fire Department who expressed a desire to assume the bill for the decorating and lighting of the Christmas tree in the future. The Village Precinct Commission greatly appreciates this gesture on the part of the Fire Department.

5. A great deal of credit in the care of the Common goes to Mr. Niilo Mattson who was elected a member of the Commission at the annual meeting in December 1959.

SUPERINTENDENT'S REPORT TO FITZWILLIAM SCHOOL DISTRICT

It is a pleasure to report to the citizens of Fitzwilliam as Superintendent of Schools.

I have visited all classrooms and found good educational practices and procedures being developed, enabling our students to attain the basic educational foundations on which later secondary learning must be built. I am pleased to see the 3 R's stressed with great enthusiasm and at the same time teachers providing opportunities to develop attitudes which will lead to healthy personalities, good work and study habits, high standards of skill and cooperation with others. It is the goal of our school to inspire and challenge all students to the highest levels of personal development and academic achievement. It is also our desire to have a curriculum flexible enough to give a broad, general education and develop each pupil's interests and talents in line with his potentials and capabilities.

My main concern at the moment is the mere question of space needed for our children. With our ever increasing enrollments reaching the capacity of the school, the serious problem of overcrowding is upon us. Some type of solution is urgently needed if we are to continue to offer the fine type of instruction and opportunity for our boys and girls. A school system cannot offer good education for our future citizens where such over-crowding exists. I am sure the quality of a school reflects the community in which it functions. Education is a cooperative enterprise needing the support and understanding of everyone in the community, and it is only where public interest and knowledge is wide spread can good schools grow.

May I express my appreciation to the School Board members, teachers and citizens for the splendid support given me.

PAUL L. CLARK,
Superintendent of Schools.

REPORT OF THE PRINCIPAL OF FITZWILLIAM SCHOOL DISTRICT

To the Superintendent of Schools:

I herewith submit my fourth annual report as principal of the Emerson School.

School Staff

This year we were very fortunate in being able to start school with most of our previous year's teaching staff. Mr. Collette left us to take a teaching position in Troy. Mr. Joseph Thibodeau was selected to fill this vacancy. He is doing a fine job and is performing his duties very satisfactorily. An additional teacher was added to our regular staff, besides the replacement which was made. This was a necessity due to remedial work in reading throughout the school, a heavy concentration of pupils in grades six, seven and eight, and to provide some sort of enrichment for at least part of the pupils of our school. Mrs. Broadhead was the person selected for these improvements to our curriculum. The result of securing an additional teacher is having several classes daily in remedial reading plus conversational French being taught to all pupils in grades four and five and also assuming some of the teaching load from grades six, seven and eight. Being able to keep most of our teachers is a great asset to our school as would be true with any school. It provides continuity of purpose, greater understanding and greater cooperation.

Special Staff

Our special staff has been reduced for Mrs. Mann's services were needed full-time at Troy. Because we lacked proper facilities with which to work and adequate room in which to work, it was decided to drop Home Economics from our curriculum. With improvement in other areas of our curriculum we have more than offset our loss of Home Economics. We

have just recently lost our very able Conservation teacher we have had for the past two years. Mrs. Underhill has had to give up teaching for reasons of health. We do have a replacement for her so our program will continue. Mr. Bruhns is our Custodian this year. He assumed his duties during the latter part of May of this year because of the sudden death of Mr. Wilkins. This was a loss that each and everyone of us have felt deeply. Our lunch room staff has the same personnel as last year and our music teacher and art teacher are also with us again.

Curriculum

There has not been any drastic change in our curriculum this year, but there has been improvement. We have put a great deal of stress on science for we realize the importance of this as far as our future is concerned. Improvement of our reading program has always been of utmost importance for reading is the basis of learning. This year we have been giving extra help to those who need a great deal of remedial work in reading. We hope to expand this program in the future. Our curriculum will improve as the need arises for we do have a capable staff of well qualified teachers.

Improvements

Some improvement of our playground area was carried out this year. The area directly behind the school was hard surfaced which has been a tremendous improvement because this is where the children play the majority of the time. It has proved to be a much safer place to play than previously. The driveway in front of the school was resurfaced this past summer and some grading was done around the playground equipment. More work is contemplated for the playgorund area in the near future. More lighting was installed in our cafeteria. Chalkboards and bulletin boards were also installed in this room as it is used for instruction a good part of the day.

Recommendations

I would like to recommend the continued maintainence of our school, both inside and outside. A school building does

take a lot more punishment than any other public building and economically speaking it is much more inexpensive to take care of repairs and improvements constantly.

Conclusion

I would like to express my appreciation for the very wonderful cooperation of the teachers, school board, bus drivers, nurse, cafeteria staff, custodian, and P.T.A. This makes for a harmonious and well-run school.

Respectfully submitted,
PAUL TUCKER,
Principal.

PREVENTION IS EVERYBODY'S BUSINESS

The year 1959 was fortunate from a forest fire standpoint. New Hampshire had the best record in the nation. Fewer acres were burned, suppression costs were substantially reduced and damage to woodlands held to a minimum. The record resulted from a combination of favorable weather conditions, an alert warden service and a cooperating public.

Yet, despite all this, there still persists a disturbing note

58%, or 6 out of every 10 fires in 1959 were caused by careless smokers and debris burners.

10%, or 1 out of every 9 fires was caused by children.

Careless, indifferent, thoughtless and independent minded individuals and failure of parents to properly supervise children and keep matches out of their reach, annually cause these unnecessary fires which cost large sums to extinguish and cause extensive damage. The elimination of these three causes of fires would radically change this picture. The rules are simple—

1. Before burning, secure a permit from your local forest fire warden—the law requires it.
2. Be sure to properly supervise your burning.
3. Make certain your fire is DEAD OUT before leaving it.
4. Don't throw lighted matches, cigars and cigarettes from moving vehicles—use your ash tray.
5. Don't burn at home—Use your town dump and save yourself much possible difficulty, both personal and financial.

Number of local fires 3

Number of acres burned 2¾

Number of permits issued 152

CORNELIUS WOOD, District Fire Chief.
